A Project of Early Edge California

TKCalifornia.org is an online resource for teachers and administrators to find expert-recommended tips, tools and sample teaching strategies for a successful, high-quality transitional kindergarten experience.

**TK Roadmap for Administrators** - find resources on funding, communications, operations, supporting teachers, assessment and family-school connections

**TK Teaching Tools** - explore resources on classroom and instructional planning, social/emotional development, English language arts, mathematics, English language development and family engagement

**TK Resource Library** - search for templates and resources to support quality TK instruction and program administration

**Parent Information** - learn helpful information about TK, how to prepare children for TK and see what other parents are saying about TK

TKCalifornia.org is the result of a content creation and a review process led by 20 experts from across the state, including local school districts, county offices of education, researchers and state-level decision makers.

## Welcome!

Transitional kindergarten is one of the first steps California's youngest schoolchildren take in their academic careers. As an educator, you are a key player in setting them on the path to lifelong learning and success. On TKCalifornia, you will find valuable, easy to use support and tips for teaching and administering high-quality TK that will get your students off to a strong start!
